

Eligibility requirements for the French applicants

This Addendum accompanies and provides additional terms to the *Trans-Atlantic Platform Call on Democracy, Governance and Trust* (T-AP DGT). ANR, the French national research agency, is one of the partners of this call for proposals.

Who can apply?

Researchers affiliated with organizations eligible to ANR funding, under the provisions of the ANR's *Règlement financier* <https://anr.fr/fr/rf/>, can apply to this call.

ANR's initial funding for this call is 1 200 000€. The maximum funding for the French applicants is 400 000€ per project.

In order to make sure you comply with ANR national requirements, you must consult the call's webpage on the ANR's website <https://anr.fr/>, in particular the *Modalités pour les participants français* document.

ANR prohibits double applications and double funding and will not finance projects or parts of a project that have been funded through other calls. ANR will cross-check the proposals submitted to ANR through the national and international calls for possible demands of double funding.

How to Apply

Applicants from France requesting funding from ANR must complete their full financial form through the ANR's SIM electronic system

<https://aap.agencerecherche.fr/layouts/15/SIM/Pages/SIMNouveauProjet.aspx?idAAP=2040>.

They will also upload their proposal to both FAPESP's SAGe and ANR's SIM electronic systems by the deadline for submitting proposals. Proposals with French applicants that are not submitted to both SAGe and SIM electronic systems will be deemed ineligible.

What are the eligible costs for researchers requesting funding from ANR?

Eligible costs and rates of funding depend on the type of partners. Among others, eligible costs may include the following: personnel costs; equipment costs; consumable costs; travel and subsistence costs; sub-contracting costs.

For public research organisations, only personnel costs of fixed-term contracts are eligible (except for an EPIC in partnership with an enterprise).

Please, consult ANR's *Règlement financier* <https://anr.fr/fr/rf/>, and see also the *Fiche n°3 "Les coûts admissibles (dépenses éligibles)"* document.

Depending on the consortium composition, ANR may request its funding recipients to enter into a consortium agreement with all the other project partners. For more details, please consult <https://anr.fr/RF>.

Following European restrictive measures, no collaboration between project consortia and Russian and/or Belarussian institutions is allowed.
